

GUIDED PATHWAY: ADVANCED-LEVEL LOGISTICS PROFESSIONAL CERTIFICATE

MANUFACTURING and INDUSTRIAL TECHNOLOGIES CAREER PATH

For more information, visit the [Dallas College Logistics webpage](http://www.dcccd.edu/Logistics) [www.dcccd.edu/Logistics] and your academic advisor at the North Lake Campus.

This is an example course sequence for students interested in pursuing the Advanced-Level Logistics Professional certificate. It does not represent a contract, nor does it guarantee course availability. Following this pathway will help you earn the Advanced-Level Logistics Professional Level 1 Certificate. Courses from this certificate may apply to the related AAS degree. Students must earn at least 25% of the credit hours required for graduation through instruction by Dallas College. See catalog for [official certificate requirements](#).

This certificate will develop advanced skills in logistics with a focus in specific logistics applications. The skills learned through this certificate will advance students beyond entry-level employment into management opportunities. Topics include Radio Frequency Identification (RFID) applications, transportation management, International logistics, and business communication. Courses that complete the Advanced-Level Logistics Professional Certificate are noted below.

Students pursuing this certificate are waived from the [Texas Success Initiative \(TSI\)](#) standards, but must meet course prerequisites.

Catalog Year	2020-2021	You may use this pathway if you entered Dallas College on or before this date.
Degree Type	Level I Certificate	
GPA Requirement	Student must earn a GPA of 2.0 or higher	
TSI	May be Exempt
