

GUIDED PATHWAY: HONDA PROFESSIONAL AUTOMOTIVE CAREER TRAINING A.A.S.

MANUFACTURING and INDUSTRIAL TECHNOLOGY CAREER PATH

For more information, visit the [Dallas College Automotive Technology webpage](http://www.dcccd.edu/AutoTech) [www.dcccd.edu/AutoTech] and your academic advisor at the Eastfield Campus.

This is an example course sequence for students interested in pursuing the Automotive Technology – Honda Professional Automotive Career Training associate degree. It does not represent a contract, nor does it guarantee course availability. Following this pathway will help you earn an Associate of Applied Science (A.A.S.) degree in Automotive Technology – Honda Professional Automotive Career Training. Students must earn at least 25% of the credit hours (15 hours) required for graduation through instruction by Dallas College. See catalog for [official degree requirements](#).

Honda Professional Automotive Career Training (PACT) program is a specialized program designed to prepare students for entry level employment as a service technician at a Honda or Acura dealership. Upon completion of a 2-year program, students will earn an Associates of Applied Science in Automotive Technology Honda PACT degree and factory certification. Students are encouraged to gain sponsorship/employment from a participating Honda/Acura dealership approved by the College upon entering the program. They are required to have this sponsorship/paid internship/employment at a Honda/Acura dealer for at least 640 hours as a technician in order to receive the Honda Professional Automotive Career Training degree and factory certification. Emphasis is placed upon the development of the necessary hands-on skills and knowledge required to function in Honda/Acura dealerships repairing and maintaining Honda/Acura model automobiles with electronic systems. This program includes operational theory, practical skills, and accepted shop procedures reinforced by intensive practice during cooperative work experience periods in the sponsoring dealership. Courses that complete the degree are noted below.

Visit the [NTCCC Transfer Consortium](#) to view guided pathways created for students who complete an A.A.S. degree and the options for transfer to complete a Bachelor of Applied Arts and Science. Speak with an academic advisor at your campus to choose courses that will help you to transfer to a specific university.
