

GUIDED PATHWAY: CHASSIS SERVICE TECHNICIAN CERTIFICATE

MANUFACTURING and INDUSTRIAL TECHNOLOGY CAREER PATH

For more information, visit the [Dallas College Automotive Technology webpage](http://www.dcccd.edu/AutoTech) [www.dcccd.edu/AutoTech] and your academic advisor at your campus.

This is an example course sequence for students interested in pursuing the Automotive Technology – Chassis Service Technician certificate. It does not represent a contract, nor does it guarantee course availability. Following this pathway will help you earn the Automotive Technology – Chassis Service Technician Level I Certificate. Courses from this certificate may apply to the related A.A.S. degree. Students must earn at least 25% of the credit hours required for graduation through instruction by Dallas College. See catalog for [official certificate requirements](#).

The Chassis Service Technician program in Automotive Technology provides the skills you need to jump-start your automotive career. The certificate will prepare students for entry-level technician position diagnosing and repairing Brakes and Suspension problems. Courses that complete the Chassis Service Technician Certificate are noted below.

Students pursuing this certificate are waived from the [Texas Success Initiative \(TSI\)](#) standards, but must meet course prerequisites, as long as the student completes the TSI waiver form prior to enrollment.

Catalog Year	2020-2021	You may use this pathway if you entered Dallas College on or before this date.
Degree Type	Level I Certificate	
GPA Requirement	Student must earn a GPA of 2.0 or higher	
TSI	May be Exempt	

SEMESTER-BY-SEMESTER MAP FOR FULL-TIME STUDENTS
