GUIDED PATHWAY: MULTIMEDIA WEB DESIGN A.A.S.

CREATIVE ARTS, ENTERTAINMENT, and DESIGN CAREER PATH

For more information, visit the Dallas College Multimedia webpage [www.dcccd.edu/Multimedia] and your academic advisor at the Richland Campus.

This is an example course sequence for students interested in pursuing Multimedia Web Design. It does not represent a contract, nor does it guarantee course availability. Following this pathway will help you earn an Associate of Applied Science (A.A.S.) degree in Multimedia Technology-Multimedia Web Design. Students must earn at least 25% of the credit hours (15 hours) required for graduation through instruction by Dallas College. See catalog for official degree requirements.

The Associate of Applied Science Degree in Multimedia Web Design is designed to enable students to participate as creative and resourceful members of a web development team. Upon successful completion of this program, the student will be experienced in creating responsive rich media websites along with creating and editing digital art, motion graphics, video, animations, graphics, and audio for use on the Internet, print and video. This degree provides an external learning experience. Courses that complete the degree also complete the Web Designer-Multimedia Level 1 (WD) Certificate and the Visual Design Level I (VD) Certificate and are noted below.

Visit the NTCCC Transfer Consortium to view guided pathways created for students who complete an A.A.S. degree and the options for transfer to complete a Bachelor of Applied Arts and Science. Speak with an academic advisor at your campus to choose courses that will help you to transfer to a specific university.

Catalog Year	2020-2021 *You may use this pathway if you entered Dallas College on or before this date.*
Degree Type	Associate of Applied Science
