

GUIDED PATHWAY: NURSING – FIELD OF STUDY (For transfer to UT Arlington)

HEALTH SCIENCES CAREER PATH

For more information, visit the [Dallas College Nursing webpage](http://www.dcccd.edu/Nursing) [www.dcccd.edu/Nursing] and your academic advisor at your campus.

The guided pathway in Nursing- Field of Study will provide a foundation for you to move on toward a fulfilling nursing career. An Associate of Science (A.S.) degree with courses in this pathway prepares you to transfer and earn a Bachelor of Science in Nursing (BSN) at the University of Texas at Arlington (UT Arlington), which opens the door to a career in research, case management, hospital administration, pharmaceutical sales, and many more areas.

This pathway is an example course sequence for students interested in pursuing Nursing. It does not represent a contract, nor does it guarantee course availability. Following this pathway will help you earn an A.S. degree with a Field of Study in Nursing, which will increase your chances of transfer to bachelor's level programs at UT Arlington. Students must earn at least 25% of the credit hours (15 hours) required for graduation through instruction by Dallas College. See the catalog for [official degree requirements](#).

Visit www.dcccd.edu/transfer and select "Transfer from Dallas College," then click on UT Arlington to view more information about transferring to that institution. Speak with your academic advisor to choose courses that will help you pursue Nursing as a major at UT Arlington.

Catalog Year	2020-2021	You may use this pathway if you entered Dallas College on or before this date.
Degree Type	Associate of Science Field of Study	
GPA Requirement	Student must earn a GPA of 2.0 or higher	
TSI	Must be Complete	

SEMESTER-BY-SEMESTER MAP FOR FULL-TIME STUDENTS

All plans can be modified to fit the needs of part-time students. This is not an official degree plan. See the catalog for [official degree requirements](#). The Nursing program at UT Arlington may have specific GPA requirements. See your academic advisor for more specific information.
